

Paul & Julie Kraus

Assemblies of God World Missionaries

Testimony of Ivory Coast

Over 20 Ivory Coast A/G church delegates attended the 100 year Azuza Sreet Anniversary Celebration in Los Angeles. Julie and I dined with many of them at a special luncheon in their honor when they visited the A/G Headquarters in Springfield, MO. They testified to miraculous church growth despite severe civil unrest in Ivory Coast. Since 2002, one million A/G believers have increased to **three million**, and 100 churches in the capital city of Abidjan have increased to **300**.

NY Superintendent, Dr. Dwayne Durst, presenting credentials to Pastor Yai

NYC

Pastor YAI is our Ivory Coast pastor working as a missionary in New York City. Since coming to the US in 2002, he has opened new church plantings in Manhattan, NY; Newark, NJ; Bridgeport, CT; and Atlanta, GA. God has given Pastor Yai favor and nearly 300 French-speaking African believers call Family of Christ A/G their church home. Julie and I have had the privilege of working with the New York District to help Pastor Yai with A/G credentials and affiliation.

New Direction and Itineration Deadline

Julie and I will soon be announcing a new ministry direction for us in foreign missions. We are waiting for the green light before we pursue our final push to raise our budget before our deadline. We need \$2000 in new or increased monthly commitments.

Prayer Needs

We are asking all our WM groups to bathe our next steps in prayer as we seek God's leading for our next stage of ministry with AGWM. We need God's favor. Julie has been suffering with medical problems. She was admitted to St John's emergency room last week, is unable to eat, and is facing a battery of medical tests this week. Thank you for keeping us in your thoughts and prayers!

Paul and Pastor Yai with John Bueno, Director of AGWM

Happy
Thanksgiving!
